

Rated voltage: 15kV
 Rated current: 630A
 Rated short time withstand current: 20kA
 Rated peak withstand current: 50kA
 Power frequency withstand voltage:
 to earth: 42kV/1min
 across the isolating distance: 48kV
 Impulse withstand voltage:
 to earth: 75kV
 across the isolating distance: 85kV
 Main loop resistance: $\leq 120 \mu\Omega$
 Mechanical stability: no less than 3000 times
 Creepage distance: 500mm
